## **NEW AQUATIC ADA REGULATIONS IN EFFECT MARCH 15**

New ADA regulations went into effect March 15, 2011 and compliance **is required March 15, 2012.**

The level of accessibility depends on the size and type of the pool. For pools under 300 linear feet in size, the ADA Standard for Accessible Design calls for one means of access, which must be either an ADA-compliant pool lift, or a sloped entry. Pools with greater than 300 linear feet of pool wall must also have a second means of entry. For further information regarding aquatic facility requirements see:

Chapter 2 Section 242 and Chapter 10 - **2010 ADA Standards for Accessible Design**

For additional information on the new aquatic ADA requirements contact Westport Pools Service Department at 314-432-1801.

### **BATTERY OPERATED PAL LIFT**

Westport Pools has made arrangements to offer the completely portable PAL lift at a discount for two or more lifts.. The PAL Lift series meets the Americans with Disabilities Act Access Guidelines (ADAAG 2010). In addition to the standard configuration, the PAL lift is also available in Hi/Lo and Spa versions. 240° rotation ensures a safe transfer area.
